

MMG Banking Services & Processes — Banking Queries

Customer Support Knowledge Base — Retrieval Source Document

Prepared for: 6D AARYA AI Fabric — MMG conversational assistant (Chatbot, WhatsApp, Voice BOT) · RAG ingestion · Version 1.0 · September 2026

1. Purpose and Scope

This document is a retrieval source for an AI assistant that answers customer questions about banking services linked to MMG: moving money between a bank and an MMG wallet, card loads, linked accounts, settlements to bank, disbursements received into the wallet, processing times, and what to do when a bank-related transaction goes wrong. Each section stands alone for RAG retrieval.

Scope: bank and card interactions with the MMG e-wallet for customers and, in summary, for merchants and disbursement partners. MMG is an e-money wallet, not a bank: it does not offer loans, overdrafts, savings interest or cheque services. The assistant gives guidance only and does not execute banking transactions.

Use case mapping: MMG AI Use Case #15 “Banking query” (RAG-based, all channels). Complex cases escalate to MMG support via ServiceNow/Zendesk or e-mail.

Source note: partner banks and bank-specific processing times reflect MMG’s “How it Works” page, Citizens Bank’s MMG guide, the Government of Guyana DPI announcement on GBTI/DBL uploads, and MMG’s Registered Customer Terms & Conditions (2025). Items marked † (wallet-to-bank availability, fees and limits) are illustrative demo values and must be confirmed with MMG and each bank before production use.

2. How the Assistant Should Use This Guide

Identify the customer’s bank and what they want to do (load the wallet, withdraw to bank, link a card, check a delayed transfer). Answer with the matching process in Section 5 and the processing time for that bank from Section 8. If a transfer is late, check it against the expected processing time before escalating. If the customer mentions an unknown debit, a request for their PIN/OTP, or a suspicious caller, switch immediately to the security guidance in Section 12.

- **Never ask for, accept or repeat** the customer’s PIN, password, OTP, full card number or CVV. If a customer types one, tell them not to share it and advise them to change it.
- **Read-only and guidance only:** the assistant explains how things work; it does not approve registrations, move money, reverse transactions, change account status or edit KYC details.
- **Sensitive actions route to their own flow:** transaction rollback, suspend/resume, emergency wallet lock, scam reporting, change of number/ownership, account termination and tier upgrade are handled by dedicated maker-checker use cases with back-office approval.
- **Do not guess figures.** For any fee, limit or processing time not stated in this document, tell the customer that the exact charge is shown in the app before they confirm, or offer to connect them to the Call Centre.
- **Voice BOT:** keep answers to two or three short sentences, read numbers slowly, and do not read out links — offer to send the link by SMS/WhatsApp instead.

3. Banking Service Catalogue

Service	Description	Who can use
Bank-to-Wallet load	Transfer money from a bank account to an MMG wallet through the bank’s online banking (MMG set up as a bill-payment payee)	Customers, merchants, agents
Card load	Add money to the wallet in the app using a debit or credit card	Registered customers

Service	Description	Who can use
Recurring bank load	Scheduled monthly transfer from a bank account to the wallet (where the bank supports it, e.g. Citizens Bank)	Customers
Linked bank account / card	Save an eligible bank account or card in the app for faster loads	Registered customers
Wallet-to-Bank transfer†	Move wallet funds to the customer's own bank account where enabled for that bank	Silver/Gold customers
Merchant reimbursement / settlement	Merchant wallet collections reimbursed into the merchant's bank account or MMG account on the agreed cycle	Merchants, billers
Disbursements into wallet	Receive salaries, supplier payments, incentives or government payments (e.g. pensions) from a disbursement partner directly into the wallet	Customers
Bank bill payment	Pay MMG Direct Billers from the wallet instead of at a bank counter	Customers

Supported banks: Republic Bank (Guyana), Guyana Bank for Trade and Industry (GBTI), Demerara Bank (DBL) and Citizens Bank Guyana. Card loads accept eligible Visa and Mastercard debit/credit cards.

4. Service Eligibility

- **Registered and active MMG wallet** — bank loads can only be credited to an approved, active wallet. Suspended or KYC-pending wallets may reject or hold credits.
- **Online banking access** at the customer's bank for Bank-to-Wallet loads.
- **Name match:** the bank account or card should be in the same name as the MMG wallet holder; third-party cards may be declined.
- **Account level:** wallet-to-bank transfers and higher load amounts require a KYC-approved (Silver) or Gold wallet†.
- **Merchants and billers:** a registered MMG business account with verified bank details for settlement.

5. Process / Procedure by Service

5.1 Bank-to-Wallet Load (All Supported Banks — General Steps)

1. Log in to your bank's online banking.
2. Go to **Bill Payment** (or Payees) and add a new payee/relationship — search for **Mobile Money Guyana / MMG**.
3. Enter your **MMG account number = your 7-digit mobile number**, the bank account to debit and the account holder's name. Save the payee (first time only).
4. Choose **Make Payment**, select MMG, enter the amount and an optional description.
5. Review and confirm. Keep the bank confirmation/reference number.
6. The wallet is credited according to the bank's processing schedule (Section 8) and you receive an MMG notification.

5.2 Citizens Bank — Specific Notes

In Citizens Online Banking go to Bill Payment → Create New Relationship → search "Mobile Money" → select MMG and add the 7-digit number, debit account and account holder name. Payments can be **On Request** (one-time) or **Monthly** (recurring). Track them with the **Bill Payment History** button. Funds are credited the **following business day**.

5.3 GBTI and Demerara Bank — Specific Notes

Register MMG as a bill payee in online banking and transfer the amount. **GBTI** loads are credited the **next business day**. **Demerara Bank** loads are processed **four times daily**.

5.4 Card Load in the App

1. Open the mmg Customer app → **Add Money** → **Card**.
2. Enter the amount and your card details (or select a saved card).
3. Complete the card security step (3-D Secure OTP from your bank).
4. The wallet is credited instantly on success; a receipt is shown in history.

5.5 Wallet-to-Bank Transfert

1. Open the app → **Pay / Transfer** → **Transfer to Bank** (where enabled).
2. Select your linked bank account or add one (bank, account number, account name).
3. Enter the amount, review the fee and confirm with your PIN.
4. The bank credits the account according to its processing schedule. Transfers are irrevocable once confirmed.

Where Transfer to Bank is not enabled for a bank, the customer can cash out at an MMG agent and deposit at the bank.

5.6 Merchant Settlement to Bank

Merchant wallet collections are reimbursed to the merchant's registered bank account or MMG account on the settlement cycle agreed at onboarding (typically daily or next business day[†]). Merchants can view reimbursement and settlement status in the MMGBusiness app or partner portal. Discrepancies are raised as a ticket to the MMG back office.

6. Required Documents / Information

Service	What the customer needs
Bank-to-Wallet load	Online banking login, MMG number (7-digit mobile number), name as registered on MMG
Card load	Debit/credit card in the wallet holder's name, card OTP on the phone registered with the bank
Linking a bank account	Bank name, account number, account holder name (must match MMG KYC name)
Merchant settlement setup	Business bank account details and a bank letter or void cheque, verified at onboarding
Query on a delayed transfer	Date, amount, bank name and the bank's reference number; MMG number
Receiving disbursements (e.g. pension)	Registered, KYC-approved MMG wallet; the MMG number provided to the paying organisation

7. Fees and Charges

Service	MMG fee [†]	Bank fee
Bank-to-Wallet load	Free	As per the customer's bank tariff
Card load	2% of amount	As per card issuer
Wallet-to-Bank transfer	G\$200 per transfer	As per receiving bank
Receiving a disbursement	Free	N/A

Service	MMG fee†	Bank fee
Merchant settlement	As per merchant agreement	As per merchant's bank

The MMG fee is always displayed in the app before the customer confirms. Fees are deducted from the wallet and include VAT where applicable. **MMG pays no interest** on wallet balances.

8. Transaction Limits and Processing Time

Bank / Method	Processing time	Notes
Citizens Bank	Following business day	On Request or Monthly recurring
GBTI	Next business day	Online banking bill payment
Demerara Bank (DBL)	Processed four times daily	Online banking bill payment
Republic Bank	Next business day†	Online banking bill payment
Card load	Instant	Subject to card issuer approval
Wallet-to-Bank†	1–2 business days	Depends on receiving bank

Weekends and public holidays are not business days. A transfer made after the bank's cut-off time is processed on the next business day.

Limit†	Silver	Gold
Card load per transaction	G\$50,000	G\$100,000
Card load per day	G\$100,000	G\$300,000
Wallet-to-Bank per day	G\$100,000	G\$500,000
Bank loads	Up to the wallet balance limit	Up to the wallet balance limit

All credits are also subject to the wallet's maximum balance (see KB-MMG-01). A bank load that would take the wallet above its maximum balance may be held or returned.

9. Common Issues

Issue	Likely cause	What to tell the customer
Bank transfer not yet in wallet	Still within the bank's processing time; made after cut-off or on a weekend	Check the processing time for your bank. If it is past that time, share the date, amount and bank reference and I will raise a case.
Debited from bank, not credited to wallet	Wrong MMG number on the payee, wallet suspended/KYC pending, balance limit reached	Check the MMG number saved on the payee. If it is correct and the processing time has passed, I will raise a priority case with MMG and the bank.
Money sent to the wrong MMG number from the bank	Wrong number saved on the payee	Contact your bank with the reference and raise a case with MMG; recovery needs the other party's verification.
Card load declined	Card not enabled for online use, 3-D Secure failed, issuer block, name mismatch, limit reached	Check with your bank that online payments are enabled, use a card in your own name, and retry with the correct OTP.

Issue	Likely cause	What to tell the customer
Card charged but wallet not credited	Timeout between card network and MMG	Usually auto-reversed by the card issuer within 3–7 business days. Share the date, amount and last 4 card digits so I can raise a case.
Cannot find MMG as a payee	Bank lists it as “Mobile Money Guyana” or under utilities/telecom	Search “Mobile Money” or “MMG” in the bank’s payee list, or contact the bank.
Merchant settlement not received	Settlement cycle not yet run, bank details changed, bank holiday	Check settlement status in the MMGBusiness app; if overdue, I will raise a ticket to the back office.

10. Frequently Asked Questions

Q: How do I load my MMG wallet from my bank account?

A: In your bank’s online banking, add Mobile Money Guyana (MMG) as a bill-payment payee using your 7-digit mobile number as the account number, then make a payment for the amount you want. It is credited on your bank’s processing schedule.

Q: Which banks work with MMG?

A: Republic Bank, GBTI, Demerara Bank and Citizens Bank. You can also add money with a debit or credit card in the app, or with cash at any MMG agent.

Q: How long does a bank transfer to MMG take?

A: Citizens Bank and GBTI credit the next business day. Demerara Bank processes transfers four times a day. Card loads are instant.

Q: Can I set up an automatic monthly transfer?

A: Yes, if your bank supports it. For example, Citizens Bank lets you choose Monthly when you set up the MMG payment.

Q: Can I move money from MMG to my bank account?

A: Where Transfer to Bank is enabled for your bank, you can do it in the app. Otherwise, you can cash out at an MMG agent and deposit the cash at your bank.

Q: Does MMG pay interest like a savings account?

A: No. MMG is a payments wallet, not a bank account, and no interest is paid on wallet balances.

Q: Can I get a loan or overdraft from MMG?

A: MMG does not offer loans or overdrafts. For credit products please contact your bank.

Q: Can I receive my salary or pension in MMG?

A: Yes. Employers and government agencies that use MMG disbursements can pay directly into your wallet. Give them your registered MMG number.

Q: The bank took my money but my wallet has not been credited.

A: First check the processing time for your bank. If that time has passed, please share the date, amount and bank reference number, and I’ll raise a priority case with the MMG team.

Q: Is it safe to save my card in the app?

A: Yes. Card details are protected by encryption and every card load needs your bank’s OTP. Never share your card number, CVV or OTP with anyone, including people claiming to be from MMG or your bank.

11. Escalation Process

Escalate to MMG support (ServiceNow/Zendesk ticket on Chatbot/WhatsApp, call handover on Voice BOT, or e-mail for document-based queries) when:

- A bank or card debit has not been credited after the bank's processing time has passed.
- Funds were sent to the wrong MMG number from a bank.
- A merchant settlement is overdue or the amount is disputed.
- The customer disputes a fee or needs an official statement/letter for a bank (Partner Letter Request for partners).
- Any unknown debit, suspicious activity or fraud report — **escalate immediately as high priority**.

The ticket should include: MMG number, customer name, bank name, date, amount, bank/card reference (last 4 card digits only), and what has been checked. Share the ticket reference with the customer. Reversal and dispute timelines: requests within 30 days; approved reversals within 7 business days; MMG dispute team resolution within 3 business days.

- **Call Centre:** 0664 (from a One Communications line), or 222-0664 (from Digicel, ENet or any other line). Hours: Monday to Sunday, 7:30 AM – 8:30 PM.
- **E-mail:** customerservice@mmg.gy for non-urgent account, service or document queries.
- **Walk-in:** MMG office, 4th Floor, Pegasus Corporate Suites, Kingston, Georgetown, Guyana.
- **Website / Web Portal:** www.mmg.gy — FAQs, agent locator (mmg.gy/agents), merchant list (mmg.gy/merchants) and Terms & Conditions.
- **Social media:** @yourmmg on Facebook and Instagram for announcements and promotions.

12. Security and Fraud Guidance

- **MMG and banks will never ask for your PIN, password, OTP, full card number or CVV** by phone, SMS, WhatsApp or e-mail.
- **Do not click links** in unexpected messages asking you to “verify” your wallet or bank account; use only the official app, mmg.gy and your bank's official website.
- **Beware of “wrong transfer” scams:** if someone says they sent you money by mistake and asks you to send it back, do not send it — contact MMG to verify the transaction first.
- **Unknown transaction or lost phone:** call MMG immediately on 0664 / 222-0664 to suspend the wallet, and contact your bank to block the linked card.
- **Report suspected scams** through the assistant or the Call Centre; MMG's compliance team reviews flagged transactions.
- **Keep your app and phone updated** and use biometric login and a screen lock.

13. Maintenance Notes for This Document

Review when a bank is added or removed, bank processing schedules or cut-off times change, Transfer to Bank is enabled for more banks, or fees and limits are revised. Replace † illustrative values with MMG- and bank-confirmed figures before production go-live.
